### ON-THE-SPOT PRAYER MEETING

*With good news from  
a far country*

## HISTORY & BACKGROUND

Beacon International Baptist Mission is a mission with a strong local church connection. BIBM is an Independent Baptist Mission designed to be the third part of a triangle link between the Church, the Missionary and the Mission Agency.

BIBM is an expansion of Evangelization in Eastern Europe that has been working in the Balkans since 1995. EEE is still doing the exact same thing it has been doing since its beginning, the only difference is, Beacon International Baptist Mission will allow us to not be limited to only the Balkans, but to go into all the world as God sends missionaries.

The purpose of BIBM is to have a good, solid, local church mission that will promote the preaching of the old time Gospel to every creature, and then planting indigenous New Testament Baptist Churches. Our goal is to train, educate and send forth its converts to be pastors and missionaries. By using nationals, this will eliminate visas, learning a new language as well as adapting to new cultures.

This all demands accountability and making sure the money is spent where it is supposed to be spent and we at BIBM will do our best to keep good accountability in every area.

## ADVANTAGES OF BIBM

BIBM puts the emphasis in a strong local church. Today many times a missionary comes on board with a mission agency and his pastor and church are left out. Not so with BIBM. The pastor is involved from the very moment of interview. The local church is the sole authority in ordination, commissioning and discipline.

BIBM assists the missionary with work teams to build, remodel and renovate facilities. We will put together Summer Camps that will be focused to win young people to Christ and then help train them to serve in their local church. We will train young pastors and missionaries to win their own people to Christ and start churches.

## A WORD FROM OUR DIRECTOR

Evangelization in Eastern Europe was born out of a burden to reach the people of Eastern Europe with the Word of God and to plant churches where ever the opportunity came. In 2006 after prayer and council from fellow pastors and the EEE Advisory Council, we felt the need to expand EEE to a world wide mission. This expansion has been done, with much care in making sure that the work of EEE has remained intact with no interference with all that EEE has been doing since 1995. Beacon International Baptist Mission is this expansion and EEE is now incorporated into the mission of Beacon International Baptist Mission.

The task of world missions is great but we serve a Great God and when He called the Apostle Paul in Acts 16 to come over to Macedonia, Paul answered immediately; and that is what we are attempting to do but not only to Macedonia, but to the utter most parts of the world..

BIBM is now teaching and training nationals to do the work of the ministry. This is a demanding task and will take time, but it works and if it works, let's do it! We will see less failure in missions using the nationals to win their own people. William Carey said, "Attempt great things for God! Expect great things from God!" And that is what Beacon International Baptist Mission is all about!

*Jerry Mullendore*
